

LED REFUSE LIGHTING APPLICATION CHART

	Description	Photo	Part Number	Grommet
A	4" Round LED Stop, Turn & Tail Light		M817R-7	 B426-18
B*	4" Round LED Amber Multi-Function Strobe with Rear Turn Override		B1-867SA-1* B2-867SA-2*	 B426-18
C	4" Round LED Back-Up Light		M817C-7	 B426-18
D	2 1/2" Round LED Red PC-Rated Clearance/Marker Light		M193R (AMP) M162R (PL10)	 B143-18
E	2 1/2" Round LED Amber PC-Rated Clearance/Marker Light		M193A (AMP) M162A (PL10)	 B143-18
F	Oval LED Stop & Tail Light		M820R-7	 B421-18
G*	Oval LED Amber Multi-Function Strobe with Rear Turn Override		G1-860SA-1* G2-860SA-2*	 B421-18
H	LED Amber Auxiliary Mid-Turn Light		M355A (AMP) M351A (PL3)	 B421-18

	Description	Photo	Part Number
I	LED License Light		M296C
J	LED Rectangular Work Light	 2000 Lumens / 900 Lumens	903-MV or 913-MV
K	LED Round Work Light w/ Rubber Housing	 800 Lumens	M908
L	LED Amber Strobing Beacon		745A
M	Round Reflector		M1 (Amber) Quick-Mount 475A Center-Mount 476A M2 (Red) Quick-Mount 475R Center-Mount 476R
N	Reflective Marking Tape		465-1

***MULTI-FUNCTION LAMPS FUNCTION AS BOTH TURN SIGNALS & STROBES!**

Each self-contained lamp unit has electronic strobe and turn signal functions built in, plus "sync wire" technology that allows lamps to communicate directly with one another all without external strobe controller.

DUAL INSTALLATION

NOTE: "-1" and "-2" lights must be used for all dual lamp installations. "-3" and "-4" models will not function properly in a dual lamp system.
