News and Information for the Peterson Corporate Family

## PM Blood Drive A Great Success

May 22, 2024 – We were honored to host a blood drive in partnership with the incredible team from the Community Blood Center. Their dedication and professionalism made the event a great success! A special shoutout to the amazing employees who ensured everything ran smoothly. We would also like to thank all our Peterson associates who donated and helped make a difference.

## 2024 Waldo 5K Trolley Run

April 28, 2024 – The CCVI Waldo Trolley Run celebrated its 36th anniversary this year with a 4-mile flat to downhill race. The course winds through the beautiful neighborhoods of Waldo, Brookside, and the Country Club Plaza, offering participants a scenic and enjoyable run. This event goes the extra mile to support the Children’s Center for the Visually Impaired (CCVI).

As the largest fundraiser for CCVI, the Trolley Run plays a crucial role in funding educational and therapeutic services for children who are blind or visually impaired. Peterson is proud to support this vital cause, helping to ensure that these kids receive the resources and care they need to thrive.

## Peterson Sponsors CCJ Leadership Award

Peterson Manufacturing (PM) was proud to sponsor the CCJ Leadership Award held at the National World War II Museum’s U.S. Freedom Pavilion in New Orleans during #TMC2024. This prestigious event honors outstanding leadership in the industry, and this year’s recipient was Bonne Karim.

We celebrate Bonne Karim’s remarkable career of excellence and her significant contributions to the field. Congratulations, Bonne, on this well-deserved recognition! Click the button below to hear Al Anderson’s dedication speech.

## Celebrating Milestone Anniversaries

Celebrating 40 years of dedicated service at Peterson are Tony Cates, Kathy Doll, and Zina Hammons. Tony, our reliable metal parts creator, Kathy, our diligent warehouse organizer, and Zina, who seamlessly transitioned from production control to Engineering in the Harley Davidson line, have all been pivotal to our success. Outside work, Tony is a skilled craftsman of custom knives, Kathy finds joy in family and gardening, and Zina, a passionate runner, also masters the art of gardening.

Kerry Moore, the friendly face of Peterson's Accounts Receivable for the last 25 years, is a beacon of true professionalism in our Accounting department. Outside the office his passion for fishing and hunting only comes second to the precious time spent with his family, particularly his two grandsons, who are his pride and joy.

## Sheila Morgan Retires

May 8, 2024 – After an incredible 41-year journey with Peterson, Sheila Morgan, our esteemed Head of Customer Service, has retired. Sheila has been a cornerstone of our company, exemplifying dedication, kindness, and professionalism in every interaction. Her commitment to excellence and passion for helping others has profoundly impacted both our team and our clients. Sheila's expertise and warm personality will be greatly missed. We wish Sheila all the best in her well-deserved retirement and hope she enjoys every moment of this new chapter in her life. Thank you for everything, Sheila!

## New Faces on Campus

Meet our newest Associates

Follow this link to meet all the new associates who have joined us at Peterson, Peterson Harness, Mission Plastics North, Vector, and Transworld.

## Pete's Puzzle

Follow the link and test your Peterson knowledge. The first associate to finish the crossword and turn it in to Marketing will win a PM insulated mug.
